KWS CARES Program Raises Over \$200,000.00 for Employees in Need

Burleson, TX, - August 29, 2017 – KWS CARES, an employee assistance program has raised over \$200,000.00 and helped 19 individuals with financial assistance in time of need. CARES stands for Compassion, Action, Respect, Esteem and Support.

Bill Mecke, P.E., President of KWS, states “The KWS CARES program provides financial assistance when an employee is facing a crisis. Employees can donate vacation time and money to a CARES fund for an individual in crisis. KWS converts the vacation time into dollars and matches each dollar donated with an additional 3 dollars. It is very satisfying to be able to help our own employees who have given so much of their lives to KWS. It is very important that we take care of our own employees. KWS is a family.”

KWS continues to experience significant growth and is one of the largest conveyor manufacturers in North America. The KWS goal is to provide complete Customer satisfaction by exceeding expectations in every phase of the process, from sales and engineering all the way through manufacturing, delivery and equipment start up. KWS provides Knowledge, Workmanship and Solutions to thousands of Customers in the bulk material handling industry.
