PRESS RELEASE - FOR IMMEDIATE RELEASE

March 20, 2017

KWS Manufacturing Co., Ltd. Receives ISO 9001-2015 Certification

Burleson, TX, - March 20, 2017 – KWS, the leading manufacturer of screw conveyors in the U.S., has successfully passed their ISO 9001-2015 certification audit. The third-party audit by DAS Certification included all phases of operations at KWS, including sales, engineering and manufacturing.

Bill Mecke, P.E., President of KWS, states “Receiving certification to the latest ISO standard is a huge achievement and source of pride for everyone at KWS. KWS has been ISO certified for over 10 years now and quality is part of our culture. We are committed to total customer satisfaction and making progress every day through our continuous improvement program. KWS quality and service is the best in the industry. KWS will continue to provide the Knowledge, Workmanship and Solutions that our customers have come to expect.”

KWS is also certified to design and manufacture process equipment in accordance with the ASME Boiler and Pressure Code as well as repair pressure vessels and process equipment in accordance with the National Board of Boiler and Pressure Vessel Inspectors (NBIC). KWS is the only conveyor manufacturer in the world with ISO, ASME and NBIC certifications.

KWS has become one of the largest conveyor manufacturers in North America. KWS also provides process equipment, such as thermal processors, continuous and batch mixers and classifiers. Many projects include complete system design with hoppers, structural supports and controls as part of an engineered solution.
